SENIOR OPERATIONS LEADER | WORKFORCE DEVELOPMENT | PROCESS IMPROVEMENT

Senior operations leader with 22 years of experience directing multi-site teams of up to 500 staff and managing assets valued at \$372M. Recognized for stabilizing underperforming divisions, rebuilding accountability, and driving performance improvements in high-pressure environments. Combines strategic operations planning with deep expertise in workforce development and organizational learning. Converts complex mandates into disciplined execution and measurable outcomes.

CORE COMPETENCIES

- Organizational Leadership & Team Development
- Strategic Operations Planning
- Performance Management & Accountability
- Digital Transformation & Process Improvement
- Multi-Site Logistics & Supply Chain Operations
- Cross-Functional & Stakeholder Engagement
- Root Cause Analysis
- Decision-Making in High-Stakes Environments

PROFESSIONAL EXPERIENCE

UNITED STATES MARINE CORPS

2004 – Present

Director of Operations | Jacksonville, NC

01/2023 – Present

Lead an enterprise learning and development organization serving 1,000+ professionals annually across international and domestic partners, with ownership of operations, workforce development, digital systems, and a \$2M annual operating budget.

- Transformed a team carrying below-average ratings and a member on a formal improvement plan into the highest-rated team in the organization through structured coaching, accountability, and targeted development.
- Standardized evaluation and feedback processes across 36 personnel, creating the consistency and documentation the organization relied on to make promotion and development decisions.
- Replaced a manual intake process that consumed 15 minutes per participant with a centralized QR-based digital platform, cutting processing time by 66% and reclaiming roughly 320 staff hours per year.
- Lead and develop 12 instructional staff who have collectively supported more than 2,800 professionals, building succession pathways that advanced seven team members into higher certification levels and produced multiple quarterly award recipients.
- Established a data-driven curriculum review cycle that closed recurring workforce knowledge gaps and raised average assessment scores by 9%.

Director of Logistics & Operations | Jacksonville, NC

10/2019 – 12/2022

Selected to fill a role normally reserved for leaders two levels more senior, directing operations, supply chain, and organizational performance for a 500-person organization across transportation networks, resource allocation, and multi-site distribution.

- Planned and executed the cross-country transport of 238 personnel, 2,482 assets valued at \$372M, and 183 cargo containers across 2,400+ miles with no established playbook, achieving 100% on-time delivery through coordinated rail and convoy operations.
- Assumed acting executive leadership for 102 days during a senior leader's temporary reassignment, directing two concurrent overseas operational initiatives, a 672-mile humanitarian support convoy, and administrative continuity for 268 personnel while sustaining full mission execution throughout.
- Unified logistics coordination across 5,750 personnel from five independent domestic and international partner organizations with no shared planning structure, enabling the movement of 27K+ tons of cargo and 34K+ passengers across 145K+ miles without a single missed movement.
- Shifted from commercial long-haul trucking to consolidated rail operations to eliminate cost volatility, generating \$700K in cost avoidance while improving end-to-end shipment visibility across the network.
- Stabilized an underperforming operations division during a concurrent leadership transition by implementing performance standards and accountability controls, restoring full operational tempo within 4 months and passing two organizational evaluations.

Senior Training & Development Manager | St. Robert, MO

03/2016 – 09/2019

Led training and workforce operations for a 126-member professional development organization delivering concurrent certification programs to up to 560 participants at a time.

- Named Organization-Wide Trainer of the Year across eight career fields for excellence in workforce development, instructional leadership, and performance improvement.
- Handpicked as Deputy Director of the regional training academy after identifying that new staff lacked a standardized certification process; personally evaluated and certified 93 team members across all specialties, establishing a repeatable onboarding framework adopted as the organizational standard.
- Conducted 306 formal assessments with individualized development plans across a 138-member staff, advancing 33 personnel into senior and master-level designations, including 6 who earned the top credential on their first attempt, a distinction fewer than 15% of candidates achieve.
- Redesigned the instructor evaluation process across 69 curriculum files and three concurrent programs totaling 768+ academic hours per cycle, eliminating inconsistent grading and driving adoption as the organization-wide standard.
- Delivered 2,289 hours of classroom and applied instruction, certifying 574 operators and achieving 10,680 accident- and incident-free operational miles with zero safety violations.
